### About the Facilitator

I have worked 27 years for The Arc Muskegon as an advocate and have facilitated and attended several PCP's. I have training in Independent Facilitation, and I connect very well with the entire team involved in the PCP. I am flexible, creative, and patient. I will work with the person's schedule when planning the meetings.

My entire career has been working with people with disabilities and I understand the importance of receiving services and having goals for people to have a quality, successful life.

My skills are understanding the process and the rights people receiving services have.

### Scheduling Details

Available anytime of day Monday through Saturday to facilitate.

Available in Ottawa and Muskegon counties.

Available for virtual facilitation as needed.

### Independent Facilitator Level of Competency

I have facilitated PCP's for several years even before I had Independent Facilitation training. I have attended several PCP meetings over my 27 years employed at The Arc Muskegon as an advocate. I am also trained as a Special education Advocate through Michigan Alliance for Families. This training is also beneficial for Independent Facilitation.
