EXECUTIVE DIRECTOR'S REPORT

No contracts presented this month while the new County Administrator and County Board are educated on the contract signature process. Contracts will be presented in February.

MDHHS

- Staffing concerns for both professional positions and direct care workers continue across the state. CMH is meeting with some success in filling vacant positions, but providers continue to struggle to fill CLS and other direct care positions.
- Community Mental Health Association of Michigan (CMHA) is developing a strategy to bring the minimum wage for these services to \$18/hour. CMH's who have been offering that wage have been successful in meeting their staffing needs.
- Block grant has been awarded from MDHHS to establish a Children's Mobile Crisis Unit.
 The grant requires participation in a learning community to help CMHSPs that are struggling to implement the program into their services.
- The agenda for the quarterly Directors Forum, a meeting hosted by the CMHA with CMHSP and PIHP Directors, includes discussions on efforts to reduce work-force shortage and the reduction of administrative burden across the system.

Lakeshore Regional Entity

A meeting focusing on the declaratory judgment action related to past liabilities was

scheduled for January 23. Update will be provided when information becomes available.

CMHOC

- Ms. Doyle has met with the County Administrator, Deputy Administrator, and new Board members for orientation. She will continue to provide education on CMH programs and services.
- Program and department presentations will be scheduled for Board meetings in the coming months.
- Vonnie VanderZwaag, Vice Chair of the CMHOC Board, will serve as Chair of the Board until the April organizational meeting.
- CMHOC has been working closely with the Holland Drop-In Center. The program is designed for social interaction and activities. The center's director has informed CMHOC about some previous finance and tax obligations; there may be some past due taxes and a non-profit status report has not been submitted to the state. The center is working with an accountant and JIMHO to resolve issues.
- Two round-table discussions have occurred, with a third scheduled for February 14 in Hudsonville. These discussions allow for an opportunity to hear concerns and share information. Work plans will be developed on how to address some of the issues identified.
- During the next County Finance Committee meeting, CMHOC will make a request to the Board of Commissioners to approve several new positions:
 - Current caseloads are higher than appropriate for Case Managers and Supports Coordinators. Six Mental Health Specialist positions will be requested.
 - A community Health Worker to coordinate physical and mental health concerns.
 - Mental Health Substance Use Disorder SUD Program Supervisor dedicated to the SUD program who will focus on working with contracted providers and growing the department and service delivery.
- Annual site review by Lakeshore Regional Entity is scheduled for March 7 10.
