OTTAWA COUNTY CONTRACT FOR WASTE HAULING SERVICES FOR ENVIRONMENTAL HEALTH

This CONTRACT is made and hereby effective on the 1 day of March, 2024 by and between the County of Ottawa, a municipality in the State of Michigan, (hereinafter, the "County") acting by and through its duly elected Board of Commissioners, (hereinafter the "Board"), and Republic Services (hereinafter, "Contractor"), with a principal place of business at 2471 Wilshere Drive, Jenison, MI 49428.

IT IS HEREBY AGREED AS FOLLOWS:

- Scope of Work: Contractor agrees to provide the "Services" which as detailed in Exhibit A. It shall be the responsibility of the Contractor to employ and assign to the project adequate personnel and equipment required to undertake and complete the work in a diligent, timely and orderly manner.
- 2. Compensation: In consideration for the services to be performed by the Contractor, the County agrees to pay Contractor the compensation set forth on Exhibit A. Payment to the Contractor for services will be under the County's terms of Net 30. The pricing will not be adjusted until the optional first renewal date of July 1, 2026. Pricing adjustments are to be made no later than 60 days prior to the end of the contract period. Pricing adjustments will be no greater than 5% increases. Adjustments can only be made on renewal dates and WILL NOT be made in-between a contract term. Price Adjustments will be reflected in an endorsed amendment to the contract. Ottawa County is tax exempt. Michigan Sales and Use Tax Certificate of Exemption is available upon request.
- 3. Contract Documents: The following documents are the entire Contract between the Contractor and the County. The Contract includes the following documents listed below, which are incorporated herein by reference and are deemed to be part of this Contract as if set forth in full:
 - a) This Contract (including attached exhibits)
 - b) All Provisions required by law to be inserted in this contract whether actually inserted or not

This contract constitutes the entire understanding between the parties and supersedes all prior agreements, whether written or oral, relating to the subject matter herein.

4. Performance

- a) Contractor shall perform the work as required by and in accordance with the schedule of time requirements set forth in Exhibit A.
- b) Failure to complete services as required shall constitute breach of this Contract.
- c) Contractor shall have five (5) calendar days to cure a breach of this Contract (the "Cure Period"). Failure to cure a breach of this Contract within said Cure Period

shall allow the County to, without further notice to the Contractor, declare this Contract terminated and proceed with the replacement of the Contractor and the County shall be entitled to all remedies available to it at law or in equity.

5. Terms of Contract: The Contract shall commence when signed by both parties and unless terminated earlier in accordance with the terms of this Contract, this Contract period will be from the contract being signed until June 30, 2026. There will also be up-to five (5) optional one-year renewals, if in the interests of both parties.

This Contract may be terminated prior to completion of the Services at the option of either party, upon delivery of written notice by the terminating party to the other party.

- 6. Expenses: Contractor shall be responsible for all the Contractor's expenses incurred while performing services under this Contract. This includes license fees, fuel and fleet maintenance, insurance premiums, telephone and all salary/payroll expenses, and other compensation paid to employees or contract personnel that the Contractor hires to complete the work under this Contract.
- 7. Employees: The Contractor and all Contractor' employees, while on County premises, shall carry proper identification. Examples of proper identification are a State issued Driver's License or State issued Identification Card.

The Contractor shall employ only United States citizens, legal residents, or legal resident aliens. Upon request of the County, the Contractor shall provide copies of, or access to, work/payroll records and necessary documents to verify the status of employees.

The Contractor will be supplied with a phone number to contact in case of an emergency. Access to designated restricted areas is forbidden to Contractor's employees. Restricted areas will be designated by the authorized County representative.

- 8. Materials: Contractor will furnish all materials, equipment and supplies used to provide the services required by this Contract.
- 9. Background Checks: (as required by the Facility) Contractor employees are subject to background checks to ensure, at a minimum, that no employee has a felony or domestic violence or other bar-able conviction(s). The background checks for Contractor employees will be conducted by the County prior to the commencement of any on-site work.
- 10. Compliance with Laws, Ordinances, and Regulations and Procurement of Permits:
 - a) This Contract is governed by the laws of the State of Michigan.
 - b) The Contractor shall at all times comply with all local, state, and federal laws, rules, and regulations applicable to this Contract and the work to be done herewith.

- c) The Contractor shall obtain, and pay thereof, all permits required by any agency or authority having jurisdiction over the work. The Contractor shall provide a copy of any permit to the County within 3 business days of the County's request.
- 11. Exclusive Contract: This Contract, including exhibits attached hereto, a County Purchase Order, if applicable, is the entire Contract between Contractor and the County for the services as detailed in Exhibit A.
- 12. Modifying the Contract: This Contract may be modified only by a writing signed by both parties.
- 13. Record Keeping: The Contractor shall keep all records related to this Contract for the term of the Contract and 3 years thereafter.
- 14. Dispute: In the event of any conflicts or discrepancies in the wording of any terms, provisions and conditions contained in this Contract, describing Contractor's obligations and responsibilities hereunder, said conflicts and discrepancies shall be resolved by first applying the interpretation of this Contract and its exhibits, attachments, and addendums, then the mutually agreed Contractor's planning documents that affirm the details of the Services to be provided. Any contract or modification of this Contract shall be written and signed by both parties and will supersede any previous written understandings.

Should any disputes arise with respect to this Contract, Contractor and County agree to act immediately to resolve any such disputes. Pending resolution of such dispute or difference and without prejudice to their rights, both the Contractor and the County shall continue to respect all their obligations and to perform all their duties under this Contract.

- 15. Jurisdiction and Venue: The parties' consent to the exercise of general personal jurisdiction over it by the Ottawa County Circuit Court. Any action on a controversy that arises under or in association with this Contract shall be brought in the State of Michigan, which both parties agree is a reasonably convenient place for trial of the action. The parties both agree that their consent in accordance with this Section is not obtained by misrepresentation, duress, the abuse of economic power, or other unconscionable means.
- 16. Indemnification: Contractor agrees to indemnify, defend, and hold harmless the County and its officials, officers, employees, volunteers, and agents from and against any and all liability arising out of or in any way related to Contractor's performance of services under this Contract, including, but not limited to, any and all liability resulting from or arising out of intentional, reckless, or negligent acts or omissions of the Contractor, its employees, agents or subcontractors.
- 17. Insurance: Contractor agrees to provide proof of the following insurance coverages, as more fully set forth in Exhibit B, entitled Vendor Insurance Requirements: Workers' Compensation; Employers' Liability; Commercial General Liability; Umbrella/Excess Liability; and, if applicable, Automobile, Professional Liability, and Privacy and Security Liability (Cyber Security). Coverage limits are to

be statutory and, if no statute applies, are to be at least \$1,000,000 per occurrence or claim and \$2,000,000 aggregate. These coverages shall protect the Contractor and the County and their respective representatives against any and all claims arising out of or related in any way to the work performed or the products provided.

- 18. Relationship of Parties: The Contractor is an independent contractor and is not an agent or employee of the County for any purpose including, but not limited to, the ability to bind the County and all labor or employee related matters such as tax withholding/reporting, employee wages or benefits, or workers compensation. This Contract is not intended to create any joint venture or partnership of any kind. The provisions of this Contract are for the benefit of the parties hereto, and not for the benefit of any other person or legal entity.
- 19. Subcontracts: Contractor may not assign or subcontract any rights or obligations under this contract without the County's prior written approval.
- 20. Governmental Immunity: The County does not waive its governmental immunity by entering into this Contract, and fully retains all immunities and defenses provided by law with respect to any action based upon or occurring as a result of this Contract.
- 21. Safety: The Contractor shall at all times observe and comply with all federal, state, local and County facility laws, ordinances, rules, and regulations that may in any manner affect the safety and the conduct of the work. The Contractor shall indemnify and hold the County harmless against any claim or liability arising from the violation of any such provisions.
- 22. Absence of Waiver: The failure of either party to insist on the performance of any of the terms and conditions of this Contract, or the waiver of any breach of such terms and conditions, shall not be construed as thereafter waiving such terms and conditions, which shall continue and remain in full force and effect as if such forbearance or waiver had occurred.

23. Notices:

a) All notices and other communications for the parties may be served, mailed, or delivered at the following addresses:

- 24. Partial Invalidity: The partial invalidity of any portion of this Contract shall not be deemed to affect the validity of any other provision. In the event that any provision of this Contract is held to be invalid, the parties agree that the remaining provisions shall be deemed to be in full force and effect as if they had been executed by both parties subsequent to the expunction of the invalid provision.
- 25. Attorney Review: The parties represent that they have carefully read this Contract and have had the opportunity to review it with an attorney. The parties affirmatively state that they understand the contents of this Contract and sign it as their free act and deed.
- 26. No Third-Party Benefit: The provisions of this Contract are for the benefit of the parties hereto, and not for the benefit of any other person or legal entity.
- 27. Availability of Funds: Each payment obligation of the County is conditioned upon the availability of government funds appropriated or allocated for the payment of this obligation. If funds are not allocated and available for continuance of the services performed herein, either party may terminate this Contract at the end of the period for which funds are available. The County shall notify the Contractor at the earliest possible time of the services that will or may be affected by the shortage of funds.

28. Miscellaneous:

- a) Force Majeure: Either party shall be excused from performance under this Contract for any period of time during which the party is prevented from performing its obligations hereunder as a result of any Act of God, war, civil disobedience, court order, labor dispute, or other cause beyond the party's reasonable control. Such non-performance shall not constitute grounds for default.
- b) Title and Headings: Titles and headings to articles, sections or paragraphs in this Contract are inserted for convenience of reference only and are not intended to affect the interpretation or construction of the Contract.
- c) Modification: Any modification of this Contract or additional obligation assumed by either party in connection with this Contract shall be binding only if evidenced in a writing signed by either party or its authorized representative.
- d) Anticipatory Breach: If the Contractor, at any time before delivery of services, declares its intent not to perform in accordance with this Contract, Ottawa County shall have an immediate cause of action for breach of this Contract, and shall be entitled to all remedies available to it at law or in equity.

In witness whereof, each party to this Contract has caused it to be executed on the date(s) indicated below.

THIS ADDITIONAL REMARKS FORM IS A SCHEDULE TO ACORD FORM.

FORM NUMBER: 25 FORM TITLE: CERTIFICATE OF LIABILITY INSURANCE

The following provisions apply when required by written contract. As used below, the term certificate holder also includes any person or organization that the insured has become obligated to include as a result of an executed contract or agreement.

GENERAL LIABILITY:

Certificate holder is Additional Insured including on-going and completed operations when required by written contract.

Coverage is primary and non-contributory when required by written contract.

Waiver of Subrogation in favor of the certificate holder is included when required by written contract.

ALITO LIABILITY:

Certificate holder is Additional Insured when required by written contract.

Coverage is primary and non-contributory when required by written contract.

Waiver of Subrogation in favor of the certificate holder is included when required by written contract.

WORKERS COMPENSATION AND EMPLOYERS LIABILITY:

Waiver of Subrogation in favor of the certificate holder is included when required by written contract where allowed by state law.

Request for Administrative Assistant II (Environmental Health)

The Environmental Health (EH) division has experienced significant and transformative growth over the years, evolving in response to increasing health and environmental concerns in our community. This growth, characterized by both the expansion of our scope and the diversification of our services, has been a direct result of heightened environmental awareness, legislative changes, and a growing population. Consequently, we have seen a notable increase in public inquiries and a surge in the number of permits and licenses issued annually. Our response to these challenges has included a necessary shift towards digital workflows, enhancing efficiency but also adding complexity requiring specialized administrative skills. This expansion has led to an increased operational workload and the need for a more integrated approach to manage our programs effectively, highlighting the essential need for an Administrative Assistant in our division.

The addition of an Administrative Assistant to the EH division is pivotal for enhancing operational synergy and efficiency. This role will centralize support across all EH programs, fostering a more cohesive and integrated work environment. Importantly, the Administrative Assistant will manage confidential and sensitive data, ensuring compliance with privacy laws and playing a vital role in executive meetings and decision-making processes. This not only enhances collaborative efforts but also frees up supervisors and other senior staff to concentrate on improving their programs and services.

The proposed position of Administrative Assistant is expected to incur a total cost of approximately \$85,602 in wages and benefits (Grade 7, Step 1). The position will be funded through the additional ELPHS funding available in 22129517 Drinking/Wastewater ELPHS (75%) and 22129510 Food ELPHS (25%) that was approved by the Board of Commissioners on November 21, 2023. The State of Michigan has increased our ELPHS funding overall, this funding will be awarded annually.

The addition of an Administrative Assistant to the EH division is a strategic move to enhance our operational capacity and promote synergy. This role is not just a response to our current growth but is pivotal for our continued success, ensuring we effectively meet the evolving needs of our community. By integrating this role into our division, we aim to further our commitment to providing exemplary environmental health services.

Re: January 31, 2024 Financial update for

March 5, 2024 Finance & Administration Committee meeting

General Fund

Attached are multiple reports (some of which are graphs) that represent the status of the General Pooled Funds portfolio for Ottawa County as of January 31, 2024.

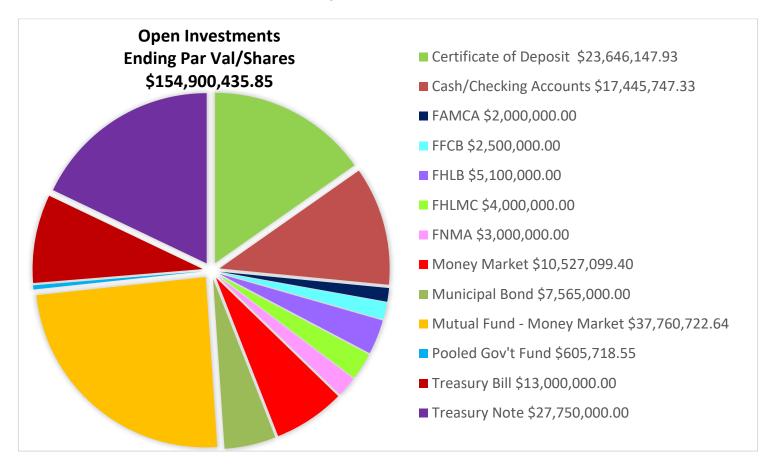

As depicted in the graphs, and verified by the report, the asset distribution of the General Pooled Funds by type and percentages meets the requirements of the County's Investment Policy.

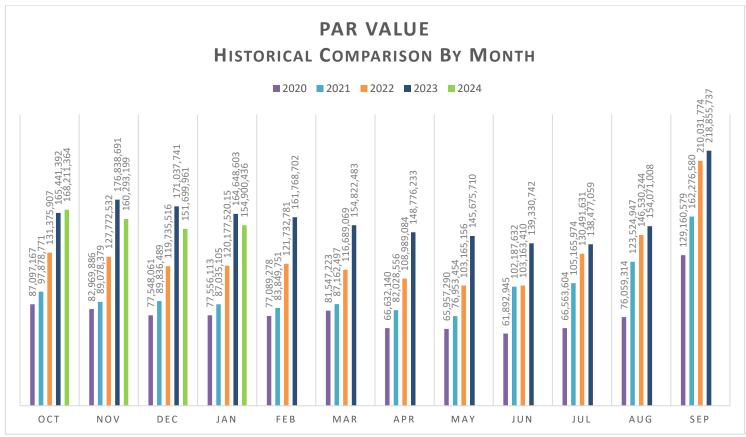

Other Post Employee Benefits (OPEB) Trust

Also attached is the January 31, 2024, Charles Schwab Statement of the County of Ottawa Retiree Health account, along with the Portfolio Asset Allocation sheet outlining the investments in the OPEB account and the account reconciliation worksheet.

I will be at the March 5th meeting to answer any questions you may have.

Statement Period January 1-31, 2024

Terms and Conditions

This Account statement is furnished solely by Charles Schwab & Co., Inc. ("Schwab") for your Schwab PCRA™ ("Account") at Schwab. Schwab is a registered broker-dealer and, provides brokerage and custody services for your Account. Schwab is a wholly owned subsidiary of The Charles Schwab Corporation. Other wholly owned subsidiaries of The Charles Schwab Corporation include the following Schwab "Affiliates": Charles Schwab Investment Management, Inc. ("CSIM"); Charles Schwab Investment Advisory, Inc. ("CSIA"); Schwab Wealth Advisory, Inc. ("SWAI"); Schwab Retirement Plan Services, Inc.; and Charles Schwab Bank. CSIA. CSIM, and SWAI provide investment advisory services. Schwab Retirement Plan Services, Inc. provides recordkeeping and related services with respect to retirement and other benefit plans. Charles Schwab Bank provides trust and custody services with respect to retirement and other benefit plans.

This Account statement may identify an independent retirement plan service provider or "Advisor." The independent retirement plan service provider or Advisor may provide services with respect to your Account, but is not affiliated with Schwab. The independent retirement plan service provider or Advisor is independently owned and operated and are not Schwab Affiliates. Schwab maintains agreements with certain independent retirement plan service providers and Advisors under which Schwab may provide such companies with services related to your Account. However, Schwab neither endorses nor recommends any particular independent retirement plan service provider or Advisor or investment strategy and has no responsibility to monitor trading by any independent retirement plan service provider or Advisor on your Account.

GENERAL INFORMATION AND KEY TERMS:

If you receive any other communication from any source other than Schwab, or other authorized affiliate of Schwab which purports to represent your holdings at Schwab, you should verify its content with this statement.

AIP (Automatic Investment Plan) Customers: Schwab receives remuneration in connection with certain transactions effected through Schwab. If you participate in a systematic investment program through Schwab, the additional information normally detailed on a trade confirmation will be provided upon request.

Average Daily Balance: Average daily composite of all cash balances that earn interest and all loans from Schwab that are charged interest. Interest cycles may differ from statement cycles.

Bank Sweep Feature and Bank Sweep for Benefit Plans Features: Schwab acts as your agent and custodian in establishing and maintaining your Bank Sweep and Bank Sweep for Benefit Plans features as Schwab Cash Features for your PCRA account. Deposit accounts constitute direct obligations of banks affiliated with Schwab and are not obligations of Schwab. Deposit Accounts are insured by the FDIC within applicable limits. The balance in the bank deposit accounts can be withdrawn on your order and the proceeds returned to your securities account or remitted to you as provided in your Account Agreement. For information on FDIC insurance

and its limits, as well as other important disclosures about the Bank Sweep feature, please refer to the Cash Features Disclosure Statement available online or from a Schwab representative.

Cash: Any Free Credit Balance owed by us to you payable upon demand which, although accounted for on our books of record, is not segregated and may be used in the conduct of this firm's business.

Credit Interest: If, on any given day, the interest that Schwab calculates for your Account is less than \$.005, you will not earn any interest on that day.

Dividend Reinvestment Customers: Dividend reinvestment transactions are effected by Schwab acting as a principal for its own Account, except for the reinvestment of Schwab dividends, for which an independent broker-dealer acts as the buying agent. The time of these transactions, the exchange upon which these transactions occur, and the name of the person from whom the security is purchased will be furnished upon written request.

Estimated Annual Income: Estimated annual income is derived from information provided by outside parties. Schwab cannot guarantee the accuracy of such information. Since the interest and dividends are subject to change at any time, they should not be relied upon exclusively for making investment decisions.

Fees and Charges: Includes Margin Interest, Retirement Plan Service Provider fees, and Management Fees that may be charged during the statement period. Contact your Retirement Plan Service Provider and/or your Investment Advisor if you have questions about his or her fees.

Interest: For the Bank Sweep and Bank Sweep for Benefit Plans features, interest is paid for a period that differs from the Statement Period. Balances include interest paid as indicated on your statement by Schwab or one or more of its affiliated banks. These balances do not include interest that may have accrued during the Statement Period after interest is paid. The interest paid may include interest that accrued in the prior Statement Period. For the Bank Sweep feature, interest accrues daily from the 16th day of the prior month and is credited/posted on the first business day after the 15th of the current month. If, on any given day, the interest that Schwab calculates for the Free Credit Balances in the Bank Sweep feature in your brokerage account is less than \$.005, you will not accrue any interest on that day. For balances held at banks affiliated with Schwab in the Bank Sweep and Bank Sweep for Benefit Plans features, interest will accrue even if the amount is less than \$.005, but interest will not be credited if less than \$.005.

Market Price: The most recent price evaluation available to Schwab on the last business day of the statement period, normally the last trade price or bid as of market close. Unpriced securities denote that no market evaluation update is currently available. Price evaluations are obtained from outside parties. Schwab shall have no responsibility for the accuracy or timeliness of any such valuations. Asset Not Held at

Schwab are not held in your Account or covered by the Account's SIPC account protection and are not otherwise in Schwab's custody and are being provided as a courtesy to you. Information on Assets Not Held at Schwab or the accuracy, completeness or timeliness of the information about Assets Not Held at Schwab, whether provided by you or otherwise. Descriptions of Assets Not Held at Schwab may be abbreviated or truncated. Some securities, especially thinly traded equities in the OTC market or foreign markets, may not report the most current price and are indicated as Stale Priced. Certain Limited Partnerships (direct participation programs) and unlisted Real Estate Investment Trust (REIT) securities, for which you may see a value on your monthly Account statement that reflects issuer's appraised estimated value, are not listed on a national securities exchange, and are generally lliquid. Even if you able to sell such securities, the price received may be less than the per share appraised estimated value provided in the account statement.

Market Value: The Market Value is computed by multiplying the Market Price by the Quantity of Shares. This is the dollar value of your present holdings in your specified Schwab Account or a summary of the Market Value summed over multiple Accounts.

Non-Publicly Traded Securities: All assets shown on this statement, other than certain direct investments which may be held by a third party, are held in your Account. Values of certain Non-Publicly Traded Securities may be furnished by a third party as provided by Schwab's Account Agreement. Schwab shall have no responsibility for the accuracy or timeliness of such valuations. The Securities Investor Protection Corporation (SIPC) does not cover many limited partnership interests.

Option Customers: Be aware of the following: (1) Commissions and other charges related to the execution of option transactions are included in confirmations of such transactions furnished to you at the time such transactions occur and are made available promptly upon request. (2) You should advise us promptly of any material changes in your investment objectives or financial situation. (3) Exercise assignment notices for option contracts are allocated among customer short positions pursuant to an automated procedure which randomly selects from among all customer short option positions those contracts which are subject to exercise, including positions established on the day of assignment. (4) Realized gam/loss of underlying securities is adjusted to reflect the premiums of assigned or exercised options. Please consult your tax advisor or IRS publication 550, Investment Income and Expenses, for additional information on Options.

Rate Summary: The yield information for Sweep Funds is the current 7-day yield as of the statement period. Yields vary. Schwab and the Sweep Fund investment advisor may be voluntarily reducing a portion of a Sweep Fund's expenses. Without these reductions, yields would have been lower.

Account Number 8632-9283 Statement Period January 1-31, 2024

Terms and Conditions (continued)

Restricted Securities: See your Account Agreement for information regarding your responsibilities concerning the sale or control of restricted securities.

Schwab Sweep Money Funds: Includes the primary money market funds into which Free Credit Balances may be automatically invested pursuant to your Account Agreement. Schwab or an affiliate acts and receives compensation as the Investment Advisor. Shareholder Service Agent and Distributor for the Schwab Sweep Money Funds. The amount of such compensation is disclosed in the prospectus. The yield information for Schwab Sweep Money Funds is the current 7-day yield as of the statement period. Yields vary. If, on any given day, the accrued daily dividend for your selected sweep money fund as calculated for your account is less than 1/2 of: I cent (\$0.005), your account will not earn a dividend for that day. In addition, if you do not accrue at least I daily dividend of \$0.01 during a pay period, you will not receive a money market dividend for that period. Schwab and the Schwab Sweep Money Funds investment advisor may be voluntarily reducing a portion of a Schwab Sweep Money Fund's expenses. Without these reductions, yields would have been lower.

Securities Products and Services: Securities products and services are offered by Charles Schwab & Co., Inc., Member SIPC. Securities products and services, including unswept intraday funds and net credit balances held in brokerage accounts are not deposits or other or other obligations of, or guaranteed by, any bank, are not FDIC insured, and subject to investment risk and may lose value. SIPC does not cover balances held at banks affiliated with Schwab in the Bank Sweep and Bank Sweep for Benefit Plans features.

Short Positions: Securities sold short will be identified with an "S" in Investment Detail. The market value of these securities will be expressed as a debit and will be netted against any long positions in Total Account Value.

Sweep Funds: Includes the primary funds into which free credit balances may be automatically invested pursuant to your Account Agreement.

Yield to Maturity: This is the actual average annual return on a note if held to maturity.

Gain (or Loss): Unrealized Gain or (Loss) and Realized Gain or (Loss) sections ("Gain/Loss Section(s)") contain a gain or a loss summary of your Account. This information has been provided on this statement at the request of your Advisor. This information is not a solicitation or a recommendation to buy or sell. It may, however, be helpful for investment and tax planning strategies. Schwab does not provide tax advice and encourages you to consult with your tax professional. Please view the Cost Basis Disclosure Statement for additional information on how gain (or loss) is calculated and how Schwab reports adjusted cost basis information to the IRS.

Accrued Income: Accrued Income is the sum of the total accrued interest and/or accrued dividends on positions held in your Account, but the interest and/or dividends have not been received into your account. Schwab makes no representation that the amounts shown (or any other amount) will be received. Accrued amounts are noticovered by SIPC account protection until actually received and held in the Account.

IN CASE OF QUESTIONS: If you are a participant with a Schwab Personal Choice Retirement Account® (PCRA) and you have questions about this statement, or specific Schwab Account transactions, contact the dedicated Schwab PCRA Call Center at 1-888-393-PCRA (7272). If you are a Plan Trustee or Sponsor, please contact your Retirement Plan Service Provider shown on the cover page of this statement.

IN CASE OF ERRORS OR DISCREPANCIES IN BROKERAGE TRANSACTIONS: If you find an error or discrepancy relating to your brokerage activity (other than an electronic funds transfer), you must notify us promptly, but no later than 10 days after this statement is sent or made available to you. If this statement shows that we have mailed or delivered security certificate(s) that you have not received, you should notify Schwab immediately. Any oral communications should be reconfirmed in writing to further protect your rights, including rights under the Securities Investor Protection Act (SIPA). If you do not so notify us, you agree that the statement activity and Account balance are correct for all purposes with respect to those brokerage transactions.

IN CASE OF COMPLAINTS: If you have a complaint regarding your Schwab statement, products or services, please call the Charles Schwab & Co., Inc. Client Advocacy Hotline at 1-800-468-3774 or write to Attention: Client Advocacy Team, 211 Main St., M/S: PHXPEAK-2K489, San Francisco, CA 94105.

Address Changes: If you fail to notify Schwab in writing of any change of address or phone number, you may not receive important notifications about your Account, and trading or other restrictions might be placed on your Account.

Wire Transfers and Check Transactions: If, upon prompt examination, you find that your records and ours disagree, or if you suspect that a wire transfer is unauthorized, a check or endorsement is altered or forged, or checks are missing or stolen, call us immediately at the Schwab Customer Service number listed on the front of this statement. If you do not so notify us in writing promptly, but in no event later than 10 days after we send or make available your statement to you, you agree that the statement activity and Account balance are correct for all purposes with respect to those transactions. You agree to cooperate with us in the investigation of your claim, including giving us an affidavit containing whatever reasonable information we require concerning your Account, the wire or check transaction, and the circumstances surrounding the loss. You agree that we have a reasonable period of time to investigate the facts and circumstances surrounding any claimed loss, and that we have no obligation to provisionally credit your Account.

Additional Information: We are required by law to report to the Internal Revenue Service certain adjusted cost basis information (if applicable) and plan disbursements issued at the client's direction during the calendar year. Schwab or an affiliate acts as the Investment Advisor. Shareholder Service Agent and Distributor for the Schwab Money Funds. Schwab or an affiliate is compensated by the Schwab Money Funds for acting in each of these capacities other than as Distributor. The amount of such compensation is disclosed in the prospectus. For accounts managed by CSIA or CSIM you are charged an asset-based fee which is described in the relevant disclosure brochure. Additional information will be provided upon written request. A financial statement for your inspection is available at Schwab's offices or a copy will be mailed to you upon written request. 			Judici	al Branch – Circuit Court	
Program	Current Number of FTEs	Number of FTEs budgeted	Program Purpose	Program Volumes	Any Other Relevant Program Information
[Juvenile Services] Juvenile Community Justice	0		To provide community-based support and programming for court involved youth typically in need of foster care placement through Bethany Christian Services	Typically between 4-6 participants at any given time	Funded through the Child Care Fund (75/25 state and county split). A per diem is paid to Bethany Christian Services when a youth is placed in foster care and/or case supervision
[Juvenile Services] Family Support Program	2.0 Juvenile Court Officers, 2 .0 Treatment Specialists, and 2.0 Group Leaders		To provide community-based support and programming for those court involved youth and their families who are high on the Youth Level of Service Inventory, high in family conflict, and at risk of being placed outside the home	Typically between 12-16 participants at any given time (2 teams)	Funded through the Child Care Fund (75/25 state and county and state split)
[Juvenile Services] RISE Treatment Program	FTEs are assigned based on therapy, group and detention programming needs		To provide residential treatment care for those youth who are considered high risk to reoffend.	Typically between 8-16 participants at any given time.	Funded through the Child Care Fund (50/50 county and state split) and out of county bed rental contracts (per diem charged)
[Juvenile Services] Juvenile Justice Institute	(we utilize a vendor to provide educational services)	0	To provide an alternative education setting for court involved youth who are expelled, long term suspended, or experience chronic behavior issues.	Typically between 10-20 participants at any given time.	Entirely funded through state and federal education money.
[Trial Division] Recovery Court	1.75	2	To promote recovery from substance abuse and reduce criminal activity	Typically between 60-70 participants at any given time	Entirely grant funded since its inception in 2005. No general fund dollars used
[Friend of the Court] Title IV-D Cooperative Reimburseme nt	40	40	To initiate and carry out proceedings to enforce child support payment orders, and to establish and maintain support orders regarding custody, parenting time, health care coverage and other relevant child support topics	Total caseload is reported on billings every month and varies 11,000-12,500 cases (one case includes parties, specifically parents/3rd party/MDHHS, and children).	FOC services are mostly grant funded (State/Federal grants) and partially general fund. Also, incentives are earned based on Federal Performance measures including "cost effectiveness." The FOC maximizes the amount of incentives earned each year.

We will be providing you with additional information in our Annual Report and presentation in May. In the meantine, you can see more information on our performance measures here. Additionally, the cost per case in the Circuit Court has been determined to be as follows:

Appeals: \$915.00
Criminal: \$1,595.00
Civil: \$1,562.00
Recovery Court: \$7,000.00

I would note again that Recovery Court is entirely grant funded.

Equalization Note:

County Equalization departments across the state are varied in their staffing levels due to how they contract for services or handle them in-house. For example, Ottawa County handles all our functions in-house, but a county of similar size may contract out portions of its equalization services. As a restult, Parcels per FTE is not an appropriate program volume whereas if we look at the cost of providing that service per total General Fund, the correlation becomes clear. An alternative of EQ/budget per parcel was also considered but a simple parcel count does not take into acount the complexity of the particular county as well as the General Fund does.

MSU Extension – Program Purpose

Michigan State University Extension helps people improve their lives through an educational process that applies knowledge to critical issues, needs and opportunities.

Program Volume Description: Clerical Support for MSU Extension

Clerical functions include the following:

- Assisting County residents in accessing MSU Extension resources by office visit, telephone, and email.
- Maintaining Facebook pages and the MSU Extension District 7 Instagram Account.
- Sales of soil test kits and other MSU Extension resources.
- Managing MSU Extension events, such as 4-H, Pesticide Application Courses, and MSU Extension Educator sessions.
- Ordering supplies
- Support Staff Duties (copy, scan, print, mail, schedule conference rooms, place work orders, proof-reading, laminating, flyer creation, Canva creation, add/edit/delete from MSU Extension website, make signs for training/meetings and place around building, data entry, training/meeting registration help, update spreadsheets, update forms, research, maintain/update listservs, survey compilation, etc.)
- 4-H support (review/approve enrollments, assign back numbers, process monthly club bank statements, check out equipment).
- Pressure Canner Gauge Testing
- Budget prep/submission
- Maintain Calendars
- Meeting agendas and minutes
- Payroll
- Account Balancing/audits (monthly & bi-monthly)

Program Volume Metrics: Clerical Support for MSU Extension

A literature review of peer reviewed journals and published research studies on evaluating clerical staff did not reveal a means for using volume (as defined as an amount or quantity of something) to determine a rating. The number of phone calls and emails clerical staff receive is related to the knowledge and usefulness of the organization's website. The number of documents processed is related to the systems that the organization uses, and if those systems are paper based or digital.

Clerical staff are evaluated using the following areas which directly apply to their job description. Volume is a consideration in some of these areas, but it is not the only one.

Task Completion Rate	Accuracy Rate	Response Time
Meeting Preparation Efficiency	Calendar Management	Social Media Management
Document Management	Expense Management	Workload Management
Professional Development		

Please let me know if there are supporting numbers that you want us to begin tracking for future reporting.

Program Volume Description: MSU Extension 4-H in Ottawa County

- "4-H grows from the farms to the towns, and from the suburbs to the cities. Anywhere curiosity roams and confidence thrives. Anywhere technology can be advanced and achievement is valued. Anywhere positive change is possible and giving back moves communities forward. After all, true leaders aren't born; they're grown!" (4-H (msu.edu)
- "Ottawa County 4-H offers a variety of program opportunities for youth. Project resources allow individuals to not only learn about the different program areas; but provide a location to find various forms/documents that are required to participate in different aspects of the county 4-H program, such as entering projects in a 4-H class at a fair." 4-H Project Resources Ottawa County (msu.edu)
- 4-H Spin Club opportunities

Program Volume Metrics: MSU Extension 4-H in Ottawa County

- There are 426 students that participate in a 4-H club in Ottawa County
- There are 98 volunteers that lead and support Ottawa County 4-H clubs.
- There are 13 Primary 4-H clubs in Ottawa County

Ottawa County 4-H Clubs

Animal Evaluation	Beef	Birds and Poultry	Cats
Dairy Cattle	Dogs	Goats	Horse & Pony
Rabits/Cavies	Sheep	Swine	Expressive Art
Shooting Sports: Archery			

Clubs meet once or twice per month, and the average meeting length is two hours. Student attendance at each meeting averages around 70%. Leader attendance is almost 100%. Leaders spend around 9 hours preparing and leading each 4-H club. Using these numbers, we can say the following about 4-H in Ottawa County:

- 13 clubs meeting an average of 1.5 times per month for 11 months = 215 meetings per year
- 215 meetings times 2 hours = 430 hours of direct instruction in 4-H club meetings
- 298 4-H students (70% of 426 total) attend an average of 1.5 meetings per month that is two hours in length = **894 hours per month and 9,834 hours per year of student learning** in 4-H clubs in Ottawa County.
- 98 volunteers with each spending an average of 9 hours each month preparing for club meetings, or facilitating club meetings = 882 volunteer hours per month and 9,702 volunteer hours per year.

Eleven months were used because one month of the year includes one of the three fairs in Ottawa County. Most 4-H clubs are associated with a fair, and the amount of time that students and volunteers dedicate during fair week can easily reach 40-50 hours.

MSU Extension Agricultural Educators in Ottawa County

- Small Fruit Educator, Dr. Carlos Salazar Garcia.
 - o Michigan Fruit Management Guide 2024
 - o Blueberries (msu.edu)
 - o MSU Extension educator Carlos Garcia-Salazar led the creation and implementation of a Spanish-language curriculum to bring resources to minority blueberry farmers. (MSU College of Agriculture and Natural Resources)
- Agribusiness Educator, M. Charles Gould
 - Charles Gould provides relevant expertise in the areas of renewable energy and energy conservation to Michigan farmers and agribusinesses that help them be sustainable now and into the future. He has expertise in dual-use land management and conservation practices for solar projects, bioenergy crop production, small anaerobic digesters, and on-farm energy conservation measures. He also has manure management expertise, having worked with farmers in getting the greatest value from manure in cropping systems and value-added opportunities like compost production.
- Dairy Herd Educator, Martin J. Mangual
 - Martin J. Mangual earned his Bachelor's in Biology from the University of Puerto Rico Cayey Campus where he also worked on his family's farm igniting his passion for animal science. He then earned a Master's in animal science with a concentration in dairy nutrition from MSU. Mangual worked as a research assistant during his graduate studies and was involved with teaching guest lectures on animal nutrition, dairy nutrition and dairy feed management courses. He says being a dairy educator with MSU Extension allows

him to be involved with producers in the field and gives him the opportunity to inform communities about the importance of agriculture in their daily lives and provide them with accurate information about dairy farming practices.

Program Volume Metrics: MSU Extension Agricultural Educators in Ottawa County Projects, Initiatives and Ongoing Educational Efforts

- Conservation Reserve Enhancement Program (CREP) grant in Michigan. Key focus areas in the grant are the development of training and materials for conservation partners, technicians, and landowners.
- Michigan Manure Hauler Certification Program provides a way for farms and commercial manure applicators to demonstrate manure application proficiency. The goals of the certification are to prevent manure application problems before they occur, increase nutrient management plan implementation, improve understanding of manure application, increase responsible manure application, protect property and water.
- Developing Biochar Extension and Demonstration Programming for Michigan's Plant Industries. This project will address three key
 challenges that currently hinder development of a viable role for biochar in cropping systems, namely lack of access to relevant information,
 lack of transparency in biochar marketing, and weak connections across the full range of biochar stakeholder groups (agricultural producers,
 bioenergy facilities, individual corporations, and entrepreneurs). Deliverables will be a website, needs assessment, fact sheets, field days,
 workshops, and webinars.
- Grazing Sheep in Solar Projects. Ground-mounted photovoltaics are expanding in size and number in Michigan, and the most desirable sites for solar projects are often already in cropland. Solar grazing:
 - o keeps farmland in production.
 - o allows farmers to increase and diversify revenues.
 - o contributes meat and wool to regional markets.
 - o reduces or eliminates the need for mowing at solar sites, thus reducing greenhouse gas emissions and maintenance costs.
- Pollinator Habitat Development in Solar Projects. The Farmland and Open Space Preservation Program or Public Act 116 (PA 116) preserves farmland from being developed for nonagricultural uses. Participating landowners may be entitled to receive a Michigan income tax credit for property tax more than 3.5 percent of total household income and exemption from some special assessments. The Michigan Department of Agriculture and Rural Development (MDARD) has determined that the placement of structures for commercial solar energy generation on property enrolled in PA 116 is consistent with farming operations and is consistent with the purposes of the statute (MCL 324.36101; 324.36104 and 324.36104(a)) when seven specific conditions are met. One of those seven conditions is the site must be designed and established to achieve a score of at least 76 on the Michigan Pollinator Habitat Planning Scorecard for Solar Sites.

- Agrivoltaics in Solar Projects. An agrivoltaics system combines raising crops for food, fiber, or fuel, and generating electricity within the solar project area to maximize land use.
- Improving Production Efficiency in Fruit Crops. For Michigan growers to remain competitive on national and international scales, the industry needs to lead in cutting edge technology and horticultural modernization that provides profitable yields. To do so requires the development and testing of new genetic materials (accessions) and varieties; new production systems and technologies in horticulture; protected agriculture; pruning and training; nutrition; irrigation; renovation/ establishment/ replant; plant growth regulators (PGRs); rootstocks/NC140 regional research; pollination strategies; cover crops; evaluating economic assessment for production efficiency; precision agriculture; monitoring and testing; technology (robotics); Integrated Pest Management and crop loss assessment; Enviroweather; fruit maturity; post-harvest fruit quality; and soil health.
- Integrated Pest Management. Focus areas include weed management; disease management; insect management; pesticide efficacies (E154); pollinator stewardship; vertebrate management; resistance management; nematode management; invasive pests; IR-4 Program, developing pest predictive models; Enviroweather; reduced risk management (i.e., biologicals, biological control); pesticide safety; production system effects on insect and bird pests; and diagnostics.
- Biological Control of the Blueberry Fruit Worm Complex and Drosophila Suzuki (Matsumura) with the Egg Parasitoid. Before the arrival of the spotted wing Drosophila (SWD) in 2010, Michigan's blueberry IPM program was a sustainable system with no more than 5 insecticide applications per season against the fruit worm complex, blueberry maggot and Japanese beetle. After the SWD arrival, insecticide applications increased more than 10 per season; and pest management expenses increased from \$75 to \$456/acre in 2014 (MSU Extension 2016). In 2023, Michigan's Blueberry Commission established "Pest biology and control management programs for invasive and problematic pests" as main R&E priority, fruit worms and SWD included. In 2023, the blueberry industry will face significant challenges due to a petition to revoke the tolerances for Imidan and Malathion in blueberries, two key insecticides that control fruit worms and SWD.
- Managing Milk Quality, Udder Health, and Parlors. Evaluate milking practices and protocols of dairy farm operations. Respond to stakeholder requests with problem identification & recommendations.
- On-Farm Feed Program Evaluations. Thorough evaluation of multiple aspects of a feeding program. A report including evaluation, benchmarking, and recommendations for improvements is discussed at a meeting with the farm.
- Feeder School Program. A specific training designed for dairy feeders. The curriculum focuses on Feed ingredient evaluation, Mixing procedures, Safety, and basic troubleshooting of a feeding program.

Programs, Residents and Hours of Programming

- **Michigan Sea Grant**: Michigan Sea Grant is a cooperative program of the University of Michigan, Michigan State University, and the National Oceanic and Atmospheric Administration. We fund research, education, and outreach projects designed to foster science-based decisions about the use and conservation of Great Lakes resources.
- Supplemental Nutrition Assistance Program (Fully funded by the Federal Government): SNAP provides food benefits to low-income families to supplement their grocery budget so they can afford nutritious food essential to health and well-being. Classes/resources to both youth and seniors.
- MSU Extension SNAP Benefits for Veterans: MSU Extension provides veterans with programs and services that support personal and financial wellness. Whether you're currently serving, were recently discharged, or served decades ago, MSU Extension wants to support the success of you, your family, and your business.
- Nursery and Greenhouse Owners and Operators: Program initiatives include lighting for efficient production of greenhouse crops, biological control in greenhouses, promoting pollinators, and marketing of ornamental plants.
- Christmas Tree Farmers: MSU Extension's programming for Christmas tree growers utilizes field educators, campus-based specialists and researchers to provide educational programming.
- Community Food Systems: Supports the development of community food systems in Michigan by providing resources and programs to develop local food policy councils, farm-to-institutional purchasing, good hubs, and farmers markets.

County Veterans Affairs Note:

County Veterans Affairs currently administers three County Resources. 1. We provide application, approval, and administrative oversight of the Ottawa County Veterans Burial Allowance (Act 235 of 1911, MCL 35) which is funded by the County General Fund. 2. We provide application, approval, and administrative oversight of the Ottawa County Department of Veteran Affairs Committee Fund (OCDVA Policy #1) which is funded by our County General Fund. 3. We provide application, approval, and administrative oversight of Medical Transportation services (Contractual Transportation provided by Hope Network) which is funded by the CVSF grant from the State of Michigan.

Veterans Service Officers Note:

Currently, our Veteran Service Officers (VSOs) are provided to us by the VFW, American Legion and the Vietnam Veterans of America. We provide these three VSOs with office space and administrative support. We provide appointment scheduling, email, and phone support to this group.

MVTF Note:

Michigan Veteran Trust Fund is a state fund to support qualified Veterans and families with emergent funding needs. This fund is approved by a committee selected by the state. Ottawa County Department of Veterans Affairs is responsible for assisting qualified Veterans with the application process and presenting these cases to the committee. We are responsible for the administration and conducting the committee meetings.

Water Resource Commissioner Joe Bush

Cost of Service: Office of the Water Resources Commissioner

Mission: To protect surface water and the environment by providing storm water management through flood control measures, the development review process, soil erosion control and water quality programs.

The Water Resources Commissioner and his staff are responsible for construction, operation, and maintenance of over 1,000 storm water management systems, "County Drains" in Ottawa County. These systems are designed to provide storm water management, drainage, flood prevention and stream protection for urban and agricultural lands. A County Drain may be an open ditch, stream, or underground pipe, retention pond or swale that conveys storm water.

Routine maintenance of County Drains is necessary from time to time to ensure their proper function. The Water Resources Commissioner may in any one year, expend up to \$5,000.00 per mile, per drain for maintenance and repair. Major projects are initiated through a petition process. Either property owners or a local municipality can petition the Water Resources Commissioner. To recover costs expended for a project, Special Assessments are levied against private properties, local municipalities, the County and the County Road Commission, railroads and state highways benefited by the construction and/or maintenance.

THE DRAIN CODE OF 1956 Act 40 of 1956 AN ACT to codify the laws relating to the laying out of drainage districts, the consolidation of drainage districts, the construction and maintenance of drains, sewers, pumping equipment, bridges, culverts, fords, and the structures and mechanical devices to properly purify the flow of drains; to provide for flood control projects; to provide for water management, water management districts, and

subdistricts, and for flood control and drainage projects within drainage districts; to provide for the assessment and collection of taxes; to provide for the investment of funds; to provide for the deposit of funds for future maintenance of drains; to authorize public corporations to impose taxes for the payment of assessments in anticipation of which bonds are issued; to provide for the issuance of bonds by drainage districts and for the pledge of the full faith and credit of counties for payment of the bonds; to authorize counties to impose taxes when necessary to pay principal and interest on bonds for which full faith and credit is pledged; to validate certain acts and bonds; and to prescribe penalties.

The Many Roles of a Drain Commissioner

The Drain Code establishes the office of the Drain Commissioner. The Drain Commissioner has jurisdiction over county drains and drainage districts created under the Drain Code, including the maintenance of those drains and districts and construction of improvement projects. Construction, maintenance, or improvements to a drain cost money. The Code allows Drain Commissioners to pay for the costs incurred by levying special assessments on the drainage district. The drainage district generally comprises the "watershed" of the drain. Drain Commissioners act as agents for drainage districts. Each drainage district is a separate corporate entity, with the ability to borrow money, enter into contracts, and acquire property by eminent domain.

If the drainage district covers more than one county, the Drain Commissioner from each county serves on an inter-county drainage board, and a designee of the Michigan Department of Agriculture and Rural Development serves as the drainage board chairperson. This drainage board assumes the same duties as a Drain Commissioner does for county drains.

The Drain Commissioner serves several other statutory roles:

- The Drain Commissioner is often the delegated authority under Part 307 (Inland Lake Levels) of NREPA responsible for maintaining lake levels and levying special assessments for costs involved.
- The Drain Commissioner is a member of lake improvement boards established under Part 309 (Inland Lake Improvements) of NREPA, along with appointed county commissioners, a representative from a local unit of government, and a lake owner representative.
- The Drain Commissioner is the only statutory member of the Department of Public Works Board. The remaining members are appointed by the county board of commissioners and serve three-year terms. Department of Public Works activities may include lake improvements, water, sanitary sewer, waste management, and erosion control.
- The Drain Commissioner is a statutory member of the County Parks and Recreation Commission. This Commission is charged with studying county park and recreation

draft

P 1 2 4

- facilities, assessing the county's needs in this area, and adopting plans to acquire property in furtherance of those needs.
- Many Drain Commissioners are appointed as the County Enforcing Agency under Part 91
 of NREPA (Soil Erosion and Sedimentation Control). The County Enforcing Agent is
 responsible for the administration and enforcement of Part 91 of NREPA, and may
 charge fees, review plans, and issue permits.

Drain Commissioners have different titles in some counties. For instance, in Macomb and Saginaw Counties, the Public Works Commissioner performs the duties of the Drain Commissioner. But in Calhoun, Cass, Oakland, Ottawa and Washtenaw Counties, the duties of the Drain Commissioner are performed by the Water Resources Commissioner. Regardless of the label, each commissioner has that authority provided by the Drain Code.

Program Purposes

Section 1. Drains

THE DRAIN CODE OF 1956 Act 40 of 1956

280.2 Drains; location, establishment, construction, maintenance, and improvements; petition. Sec. 2. Drains including branches may be located, established, constructed and maintained, and existing drains, creeks, rivers and watercourses and their branches, or tributaries whether located, established and constructed by a county drain commissioner or drainage board or by a city, village or township, may be cleaned out, straightened, widened, deepened, extended, consolidated, relocated, tiled, connected and relocated along a highway, or there may be provided for the same structures or mechanical devices that will properly purify or improve the flow of the drain or pumping equipment necessary to assist or relieve the flow of the drain, or 1 or more branches may be added thereto, by petition under the provisions of this act, whenever the same shall be conducive to the public health, convenience and welfare.

Petitions

- How do drainage improvement projects proceed? First, a petition is filed with the Drain Commissioner. Petitions can be filed by property owners, municipalities, the county, the road commission, or MDOT. Specific petition requirements depend on whether it is for a new drain, maintenance, or improvement of an existing drain, or for an intercounty drain.
- After a petition is filed, the Drain Commissioner appoints a Board of Determination, made up of three property owners who own property in the county, but not in any municipalities in the drainage district. The Board holds a public hearing and determines whether the drain or maintenance and improvement of the drain is necessary for public health, safety, or welfare. The Board also determines whether the municipalities in the drainage district are liable for an assessment at-large.

- If the Board of Determination determines necessity, a property owner has 10 days to
 challenge the determination in circuit court. Townships (and other municipalities in the
 drainage district) have 20 days after notification of the determination of necessity to
 appeal the decision in probate court. If the necessity is not challenged, there is no other
 remedy under the Drain Code to "stop" a drain project if the proper procedures have
 been followed.
- Next, the Drain Commissioner determines the scope of the project, at which point the
 project is engineered and plans and specifications are prepared. Once the scope is
 determined, the Drain Commissioner issues a Final Order of Determination, and
 determines the route and course of the drain and the drainage district boundaries.
- After signing the Final Order of Determination, the Drain Commissioner gives notice for the receiving of bids to construct, repair, or improve the drain. The Drain Commissioner also gives notice to all property owners and municipalities in the drainage district, and publishes notice of the project in a newspaper of general circulation.
- Once bids are received and costs are calculated, the Drain Commissioner holds a Day of Review, a public meeting to hear objections to the project, including the apportionment of benefits and assessment of project costs. The Drain Commissioner can make revisions based on these objections. A Day of Review must be held not less than five or more than 30 days after the bids for the project are received. Property owners and municipalities have only 10 days after the Day of Review to appeal the apportionment or assessment to the probate court. This apportionment percentage will be used for future maintenance projects until a new Day of Review is held for the drain.

To pay for the projects, drain assessments are placed on the winter tax roll and collected by the local municipality.

- Any person may request a petition. The petition is prepared by the Drain Commissioner's Office and is written to include activities such as cleaning out, relocating, widening, deepening, straightening, tiling, extending, or relocating along a highway; and the petition must be notarized after the circulation is completed. The petition must contain a minimum of five signatures within the drainage district. Signature requirements accompany the petition. Municipalities can also petition for work.
- The Office of Water Resources prepares the forms required to petition for drain improvements, and to organize and administer the legal process for petitions.

Maintenance

 Maintenance costs are under \$5,000 a mile. Drain Commissioners may expend up to \$5,000 per mile of established drain each year for maintenance purposes without a petition. Additional costs can be incurred for the purposes of inspection of the drains.

- A Township resolution allows the Drain Commissioner to exceed the maintenance expenditure limitation. Maintenance in excess of \$5,000 per mile can be performed with a resolution from each municipality affected by more than 20% of the cost. Township resolutions may be specific as to the dollar amount for the expenditure, may be for more than one year, or may delineate the work above the maintenance amount that is approved. The resolution language is normally agreed upon based on the relationship with the township and the Drain Commissioner.
- The work is performed under an agreement. Certain work can be performed by agreement in instances where an entity agrees to pay for improvements. Examples include relocating or enclosing drains to allow for development of a parcel. New drains can also be established through agreements where the developer voluntarily agrees to the establishment of a drain and a special assessment district on the property.
 - The Office of Water Resources locates and inspects County and non-county drains to identify and remedy obstructions, damage, deterioration, and other sources of drain failure. Coordinates repair, replacement, and modification of existing drains, and represents the county's interests in the construction of new drains. Assists in fulfilling the county's mandated obligations under the provisions of the Michigan Drain Code (PA 40 of 1956) and the implementation and enforcement of the federal Soil Erosion and Sedimentation Control Act, Part 91 of P.A. 451, 1994 as amended.

Encroachment/Easements

THE DRAIN CODE OF 1956 Act 40 of 1956

280.6 Drains; public easements and rights of way; use; release, notice, protest.

All established drains regularly located and established in pursuance of law existing at the time of location and establishment and visibly in existence, which were established as drains, and all drains visibly in existence in written drain easements or rights of way on file in the office of the commissioner, shall be deemed public drains located in public easements or rights of way which are valid and binding against any owners of any property interest who became or hereafter become such owners after the location and establishment of the drain or the existence of the drain became visible or the written drain easement or right of way was executed, and the commissioner or drainage board may use, enter upon and preserve such easement or right of way for maintenance of the visible drain and any other lawful activity with respect to the same not requiring a larger or different easement or right of way and may exercise any rights granted in the written easement or right of way on file in the office of the commissioner. Easements or rights of way, or portions of easements or rights of way, no longer necessary for drainage purposes may be conveyed or released to the fee owners by the commissioner or drainage board on behalf of the drainage district. The drain commissioner or drainage board shall give at least 30 days' notice of the intention to release the excess easements by publishing a notice in a newspaper of general circulation in the county or a newspaper of general circulation where the

drainage district boundaries are located. This notice shall give a general description of the excess easements to be released and the date any taxpayers may appear to protest said release. After said date if no protests are received, the drain commissioner or drainage board may release said excess easements or portions thereof not necessary for drainage purposes. The Office of Water Resources reviews the application and plans, visiting the site, and working with legal for a description.

Section 2. Assessments

County drainage districts are separate public corporations with their own financial function. Each drainage district is supported by drain assessments that cover the cost of maintaining the drainage system. County drains are not maintained by Ottawa County general fund taxes. An assessment has two parts: 1) the total cost of the current project multiplied by 2), the apportionment, or proportion, assigned to the party based on benefit.

Drain assessments are based on an apportionment of benefit. This means that the Drain Commissioner gives each property and governmental entity a percentage of the benefit of a drain or drain project. The assessment levied is the percentage multiplied by the project cost (with applicable interest). The apportionment must always equal 100%, such that if the Drain Commissioner reduces someone's percentage, someone else's must increase to reach 100%.

Section 3. GIS

Under general supervision of the Water Resources Commissioner, creates and maintains the drain layer data of the County Geographic Information System (GIS). Delineates drainage district boundaries for assessment purposes. Assists with the management of County drain projects, processes, and programs. Prepares reports and documentation for a variety of projects as assigned. Serves as a liaison between engineering consultants, municipalities, and GIS staff.

Section 4. MS4

The goal of the Municipal Separate Storm Sewer System (MS4) program is to reduce the discharge of pollutants to surface waters of the State. An MS4 is a system of drainage (including roads, storm drains, pipes, and ditches, etc.) that is not a combined sewer or part of a sewage treatment plant. During wet weather, pollutants are transported through MS4s to local water bodies.

Storm water discharges from a regulated MS4 to a surface water of the State in an urbanized area are subject to regulation under the National Pollutant Discharge Elimination System. MS4 permittees generally include the following municipal entities: cities, townships, villages, county

draft

agencies, universities, and school districts. The Department completed maps to identify MS4s located in an urbanized area that may require coverage under an MS4 permit.

Under general supervision, performs required functions of the MS4 Compliance program under EGLE (The Department of Environment, Great Lakes, and Energy) as related to County-held MS4 permit; including physical inspection of catch basins, detention and retention ponds, outfalls, ensuring compliance, and managing the infrastructure database. Assists in administration of the Michigan Drain Code and Federal Clean Water Act Phase II Storm Water Permit Program.

Section 5. Soil Erosion & Sedimentation Control

Part 91, Soil Erosion and Sedimentation Control, of the Natural Resources and Environmental Protection Act (NREPA) (Part 91) provides for the control of soil erosion and protects adjacent properties and the waters of the state from sedimentation.

A permit is generally required for any earth change activity which disturbs one or more acres of land or which is within 500 feet of a lake or stream.

Part 91 is administered and enforced by various state, county, and local governmental agencies. There are four categories of agencies recognized under Part 91:

- 1. Counties are mandated by statute to administer and enforce Part 91. The board of commissioners for each county must appoint an agency within the county, referred to as the County Enforcing Agency (CEA), to review soil erosion and sedimentation control plans, issue permits, and take enforcement actions when necessary to ensure compliance with Part 91.
- 2. Municipal Enforcing Agencies (MEAs) are cities, villages, charter townships, and some general law townships that have elected to enforce Part 91 through adoption of a soil erosion and sedimentation control ordinance. After approval of the ordinance by the Department of Environment, Great Lakes, and Energy (EGLE), the MEAs assume responsibility for administering and enforcing Part 91 within their jurisdictions, independent of the CEAs.
- 3. Authorized Public Agencies (APAs) are state, county, or municipal agencies, such as the Michigan Department of Transportation, county road commissions, and city street departments, that have been designated by EGLE to undertake earth change activities without having to obtain soil erosion and sedimentation control permits from the county or municipal enforcing agencies. Designation is dependent upon having acceptable procedures for controlling erosion and off-site sedimentation.
- 4. EGLE's Water Resource Division (WRD) has oversight responsibility over the statewide SESC Program and all Part 91 agencies.

 The Office of Water Resources is responsible for the implementation and enforcement of the Soil Erosion and Sedimentation Control Act, Part 91 of P.A. 451, 1994 as amended, and related County ordinances. This office serves as the County administrator for implementation of and compliance with the Federal Clean Water Act Phase II Stormwater Permit Program.

Section 6. Project Developments

Under general supervision of the Water Resources Commissioner, provides engineering/project management services required for the construction, expansion, and maintenance of County drainage infrastructure. Provides project oversight, facilitates reviews for development, inspects drain projects, and advises the general public for improved drainage.

Section 7. Financials

Administers the financial functions of the Water Resources Commissioner's Office, including accounting and preparation of financial reports, payables, and receivables, borrowing and debt repayment, assessments, and budget development. Participates in the development and presentation of the annual operating and capital budget requests.

Maintains, reconciles, balances, performs year-end closings, and prepares all required financial reports for accounts for approximately 900 separate drainage districts.

Section 8. Administration

Manages the daily operations of the Water Resources Commission's office. Supervises the activities of employees engaged in the implementation of the Michigan Drain Code (PA 40 of 1956) and the implementation and enforcement of the federal Soil Erosion and Sedimentation Control Act, Part 91 of P.A. 451, 1994 as amended. May perform any and all functions of the Water Resources Commissioner as delegated by the latter under the provisions of MCL 280.24.

Represents the County in multi-jurisdictional watershed management organizations and develops and participates in public conservation education and outreach programs.
