

PRECINCT SAFETY PROCEDURES

Keeping Voters Safe on Election Day

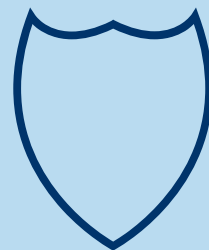

All Election Inspectors will be wearing a face mask or a face shield. Voters are strongly encouraged to wear a mask, but it is not required in order to vote.

Voters should maintain 6 feet of distance while standing in line. Precincts will be arranged to follow social distancing guidelines.

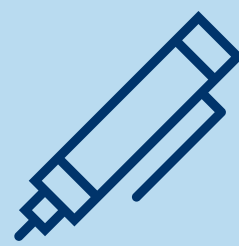

Every precinct will have hand sanitizer available to use at the entrance and exit of the precinct.

There will be a plastic shield between voters and election inspectors to ensure safety when 6 ft. cannot be maintained.

Commonly touched surfaces will be cleaned throughout the day.

Voters are encouraged to bring their own black or blue ink pen to reduce shared items.
