NOTICE OF DRAIN MAINTENANCE

February 8, 2024

This notice is to inform you that a maintenance contract has been approved for the **Rolling Hills South** which runs through or near your property. The Rapid Flush will start on the projected date of February 14, 2024, weather permitting. The assessment will be performed using a drain camera that is snaked through the inside of the drain. This will allow us to view and assess the drain for deterioration, blockage due to debris, etc. We are notifying all landowners that will have property within the perimeters of the upcoming assignment of videoing inside of the drain.

Any maintenance performed will be done so within the drain easement.

Please keep the inlet/outlets clear of all items, they will be using them for accessing inside of the drain to perform the video viewing.

Your cooperation is always appreciated in these matters. Should you have any questions, concerns, or input that you would like us to consider, feel free to contact us at 616-994-4526 or email waterresourcescommissioner@miottawa.org.

Thank You,

Water Resources Commissioner Office
12220 Fillmore St., RM 141
West Olive, MI 49460
