

# Ottawa County Data Dashboard

This document contains the Ottawa County Performance Data Dashboard which fulfills the "Performance Dashboard" requirement for the County Incentive Program from the Michigan Department of Treasury.

Green text in the Ottawa County 'Current' column indicates improved progress from the previous year's data. Orange text indicates declining performance. In some cases, County-level data are not available from the same data source or same time frame used by the State. In these instances, data sources and time frames were selected that most closely match those of the State.

Due to this difference, it must be noted that comparisons may not be completely equivalent in all cases.
