

Independent Supports Coordination

COMMUNITY
MENTAL HEALTH
OTTAWA COUNTY

What does an Independent Supports Coordinator do?

A Supports Coordinator assists an individual with an Intellectual and/or Developmental Disability find and coordinate supports and resources within the community to help meet their goals identified in their Individual Plan of Service.

A Supports Coordinator works to enhance individual's quality of life by encouraging community integration, fostering independence, encouraging self-determination, and helping people meet their identified goals.

An Independent Supports Coordinator provides these services but is not a Community Mental Health of Ottawa County employee. You have a right to choose a qualified Independent Support Coordinator through a contracted agency. *

Independent Supports Coordination is part of the person-centered planning process. It assures you that you have an ally in directing your person-centered planning meeting.
