

2011 County Health Rankings Report

OTTAWA COUNTY

<u>Note</u>: Counties in Michigan were ranked from 1 (best) to 82 (worst), as Keweenaw County was not ranked.

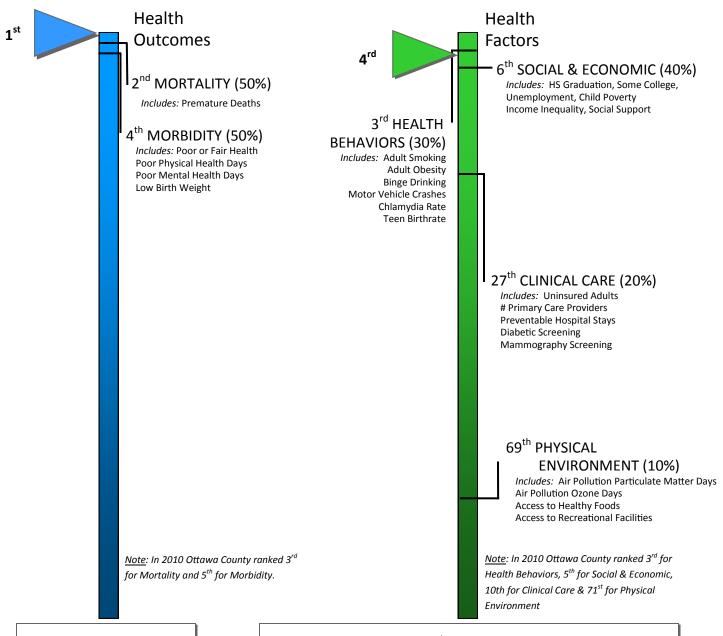

County Health Rankings is a program of the Robert Wood Johnson Foundation and the University of Wisconsin Population Health Institute.

Detailed Rankings OTTAWA COUNTY

Each of the health ranking main categories is comprised of two or more sub-rankings which are themselves composed of several indicators.

Please see www.countyhealthrankings for an interactive and detailed presentation of the data.

Ottawa County ranks 1st in Michigan for Health Outcomes.

Our sub-ranking is higher for premature deaths than for sickness.

Ottawa County ranks $\mathbf{4}^{\text{th}}$ in Michigan for Health Factors.

The sub-rankings address a variety of health factors that influence health outcomes. The sub-groups comprise differing proportions of the final rank; health behaviors have a greater influence than the physical environment, for example.

Please contact Shannon Felgner, Ottawa County Health Department spokeswoman, for more information about these rankings. sfelgner@miottawa.org (616) 494-5597
