SUBJECT: DISCUSSION ITEMS

- 1. Building Projects Update The building projects update was presented by Mark Scheerhorn.
- 2. Review of "Per Diem Eligible" Meetings June Hagan reviewed the list of approved committees who receive per diem and mileage. The last time the list was reviewed was in 2004. June reported the past practice on determining if per diem was paid or not was if other members on that committee are not paid per diem the County doesn't pay. The approved list will stay as is and be brought back each year for review.

- 3. Red Pine Disease John Scholtz and Chip Francke reported on the need to do management activity on the Red Pines. Parks has hired a team of foresters to go through and access which trees need to be thinned. A quick review was completed and recommendations were made to have 80 acres in Robinson Forest and 365 acres in Hiawatha Forest thinned. Bids will be returned later this month and John would like to have this approved by an Emergency Contract due to time frames. Consensus of the Committee was to go ahead. 50% of the revenue will go into the Environmental Fund and 50% into the Parks. Finance Committee will be taking action on this on January 16th.
