| Hunt B - Saturday, 11/23 and Monday, 11/25 | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Neither agree nor disagree | Strongly agree | Strongly disagree | Strongly agree | Strongly disagree | | | Just right | Yes | |
| Hunt B - Saturday, 11/23 and Monday, 11/25 | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Somewhat agree | Strongly agree | Strongly disagree | Strongly agree | Strongly agree | | | Just right | Yes | Maybe break it up into two weekends hunt a on a Saturday then hunt b saturday then the next weekend hunt b on Saturday hunt a saturday. Give the deer a relax period for a week to get them comfortable in the woods for the other hunt days. |

| Hunt A - Friday, 11/22 and Sunday, 11/24 | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Disagree | Strongly agree | Strongly agree | | | Just right | Yes | Sometimes it is very difficult to tell which zone you are in and which areas you are able to hunt even with the image of the zones. Maybe give coordinates of some select few points on the map on each zone? |

| Hunt A - Friday, 11/22 and Sunday, 11/24 | Strongly agree | Strongly agree | Strongly agree | Somewhat agree | Strongly agree | Strongly agree | Strongly agree | Somewhat disagree | Agree | Somewhat agree | | | Just right | Yes | I think that when the park is closed for hunting and there are people still walking their dog or walking or riding bikes. There should be a fine administered or something. It is not safe when they come thru and they chase the deer out which is maybe why they are doing it. It's almost like hunter harassment which the DnR takes seriously. |
| Hunt B - Saturday, 11/23 and Monday, 11/25 | Agree | Strongly agree | Somewhat agree | Strongly agree | Strongly agree | Agree | Strongly agree | Disagree | Agree | Neither agree nor disagree | | | Just right | Yes | I had locals walking thru my zone with dogs off the leash. I know they saw me and continued on, carrying on a loud conversation. I think they were simply looking to harass hunters. Nothing you can do except maybe reinforce the legality of hunter harassment and tell them if they go for a walk to harass hunters to wear hunter orange for their safety. I waited an hour before I would hunt again because I didn't know where they went when they were out of sight but I could hear them. I had a great time though and that incident would not keep me from applying again. |

| Hunt B - Saturday, 11/23 and Monday, 11/25 | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Disagree | Agree | Agree | | | Just right | Yes | Give notice earlier it would help the new hunters have more time to be successful also allow them to purchase an over the counter tag if they so chose. Allow successful doe hunters the option of shooting a buck the following year before a doe, but still have the doe requirement for a hunt the following year. This hunt is very safe, and well organized hunt also like seeing the results from the year. |

| Hunt A - Friday, 11/22 and Sunday, 11/24 | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly disagree | Strongly agree | Strongly agree | | | Just right | Yes | 1) highly suggest not shooting button bucks even though they are legally considered does. 2.) allow a buck to be shot prior to the shooting of a doe. The purpose of the hunt is to reduce the size of the deer herd, bucks are making more deer, more so than button bucks. (at least for the first year) 3.) you can still require a doe to be shot or you won't be invited back, just does not have to be the first deer shot. 4.) I love having the support of the staff, especially the use of the buggy to pick up the deer. 5.) LOVE the idea of a bowhunt. If the number of hunters was kept to a minimum I don't think you would need to shut down the park. I know it would be a general park user awareness issue but maybe the bow hunt could be organized with the hunters and choose hunting stands that are not located within site of the main park trails. A mandatory meeting could be held to educate the hunters on the importance of staying away from the park users. |

| Hunt B - Saturday, 11/23 and Monday, 11/25 | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly disagree | Strongly agree | Strongly agree | | | Just right | Yes | For an event this size, I felt it was extremely well organized and the support staff on site was friendly, helpful and added to the overall positive experience. Melanie's enthusiasm and positive attitude was contagious and a welcome addition! Kudos goes out to the entire OC Parks & Recreation Team! I can't wait for next year! |
| Hunt A - Friday, 11/22 and Sunday, 11/24 | Strongly agree | Strongly agree | Agree | Strongly agree | Strongly agree | Strongly agree | Strongly agree | Strongly disagree | Strongly agree | Strongly agree | | | Just right | Yes | The only issue that had with the hunt is knowing your zone boundaries. The safety boundaries were marked well but zone was somewhat difficult to decipher. Overall the hunt was great. |

| Hunt A - Friday, 11/22 and Sunday, 11/24 | Strongly agree | Agree | Agree | Agree | Agree | Agree | Strongly agree | Disagree | Strongly agree | Strongly agree | | | Just right | Yes | If population goals are being met, I would imagine the earn a buck could be relaxed - OK to shoot a buck first but only a doe earns a return spot. Also, additional hunting days, even archery would be great - 2 days makes it more luck than skill especially for a buck. Over a awesome program and really enjoy participating! |
| Hunt A - Friday, 11/22 and Sunday, 11/24 | Agree | Strongly agree | Agree | Agree | Strongly agree | Strongly agree | Strongly agree | Strongly disagree | Strongly agree | Strongly agree | | | Too small | Yes | I really enjoyed the hunt and I think melanie and the staff do a great job at organizing the hunt and keeping everyone safe. It would be nice if the lines between the zones were marked and the map that's distributed was updated to reflect the current geography. It would also be nice if shooting a buck without a doe would not disqualify someone from the hunt but only place them back into the lottery system. Because of how thick it is, it is hard to set up a treestand without being able to trim any branches. |
