AFFIDAVIT OF PARENTAGE INSTRUCTIONS

This form can be used to establish the parentage of a child and may be used to have information on the father of a child added to the certificate of birth for the child. This affidavit may be completed at the time of the child's birth or at any other time after the birth. Completion of this affidavit is voluntary. It indicates the parents wish to acknowledge parentage of a child.

It is intended for use by couples who were not married at the time the child was conceived nor at the time of birth. In instances where the mother was married to someone other than the father when the child was conceived or delivered, a court ruling of her husband's non-paternity is necessary in order to first establish that the child is not the husband's child.

Proper completion of the form is very important. Forms that are not properly completed will not be accepted for filing. The form must be legible and must be typed or printed in ink. The affidavit must be signed by the mother and father in the presence of a Notary Public or a qualified witness. **A qualified witness is an employee of one of the following: a hospital, publicly funded or licensed health clinic, pediatric office, Friend of the Court, Prosecuting Attorney, court, Michigan Department of Health and Human Services, county health agency, county records department, Head Start program, local social services provider, county jail, or state prison.** The form may be signed and witnessed or notarized by both parents at different times. At a minimum, the following items must be provided: the full names of the child, the mother and the father; the date and place of the child's birth; the address of each parent; and the birth place of each parent.

The same qualified witness and/or notary may serve as both the mother's qualified witness/notary and the father's qualified witness/notary, but (s)he must fill out the information in both the mother's and father's sections of the form. A qualified witness/notary must verify the identity of the mother and father before the qualified witness/notary signs the form by checking the mother's and father's identification. Examples of identification include a driver's license, passport, state-issued identification, etc.

There is no fee for filing the affidavit with the Central Paternity Registry. Once filed, copies of the affidavit can be obtained by either parent, by the child, or by a guardian or legal representative of a parent or the child. Certified copies of the affidavit are available from the Central Paternity Registry for \$34.00 (additional copies are \$16.00 each) and can be requested at the time of filing.

Adding a Father to the Birth Certificate –

Establishing Paternity at the Hospital – If this affidavit is completed at the time of birth and provided to hospital staff before the birth certificate is prepared and filed, the birth certificate will be completed to include the father with no need for a separate application or fee. When completed at the time of birth and used as the basis for recording the father on the original certificate of birth, hospital staff must forward the original affidavit, along with the original birth certificate, to the local registrar. The local registrar will forward the affidavit to the Central Paternity Registry for final filing.

Establishing Paternity After Leaving the Hospital – Birth certificates are not automatically changed when an affidavit is filed. Changes to registered birth records can be requested based upon a properly completed affidavit and an Application to Add a Father on a Michigan Birth Record (form DCH-0848). If the affidavit is going to be used to add the father's name to a Michigan birth record, the affidavit **must not be mailed to the Central Paternity Registry**. It must be mailed along with the correct application to the address listed on the application. A birth record can be changed to reflect the father listed on the affidavit if no other man is recorded on the record as the child's father. Should a conflict exist, a court determination of paternity may become necessary.

There is a fee for each birth record change, as is noted in the payment section of the correction application. An application to correct a birth certificate is available from the Office of the County Clerk, the State Vital Records office recorded message 517-335-8656, or can be downloaded from the Michigan Department of Health and Human Services website at: www.michigan.gov/documents/add_dad_6589_7.pdf.

To file the affidavit and request a copy and/or to change the birth record, mail the completed affidavit, the required fee and, for a birth record change, a completed Application to Add a Father on a Michigan Birth Record (form DCH-0848) to:

Vital Records Changes
PO Box 30721
Lansing, MI 48909

To simply file the affidavit to establish paternity and not request a copy or a change to the birth record, mail to:

Central Paternity Registry
Division for Vital Records and Health Statistics
Michigan Department of Health and Human Services
PO Box 30691
Lansing, MI 48909

(Completion of this form is voluntary)

Alteration of this form or the making of false statements with the affidavit for the purposes of deception is a crime. [MCL 333.2894]
